## Guide for visitors

# Guide for visitors

## What to do in case of accidents or hazardous situations

Reporting an emergency: accidents, environmental incidents, fires and explosions should be reported immediately to the factory fire department under the following number:

From office phone: **112**  
 From private mobile telephone: **02632/3097-4444**

In case of an emergency, follow the instructions of the factory fire department or the operational staff.

Entering the factory premises exposes visitors to specific dangerous situations. For your own safety and to ensure a trouble-free visit, please comply with the following regulations.

## General traffic regulations

Standard road rules are valid on the factory premises. The speed limit is 30 km/h for all vehicles. Speeds must be adapted to the specific risk situation within factory buildings.

Track-bound vehicles (factory train) and cranes always have priority.

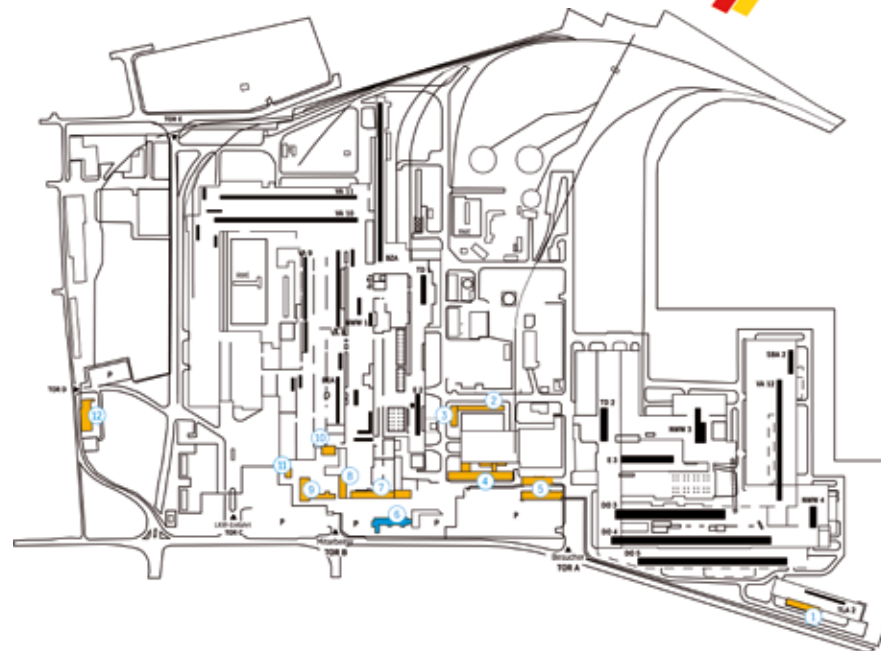

Never walk or drive under levitating loads.

Motorized vehicles must have their lights turned on within factory buildings.

Marked footpaths must be used when available.
